The Spinster (1950)

Hollins College

Notice on Content:

In 2019 photos surfaced from yearbooks at a number of colleges and universities across Virginia and elsewhere showing students made up in "blackface." In an effort to understand what might have occurred in our past, Hollins University undertook its own internal research. We found images of some of our former students in blackface and similar makeup published in past editions of The Spinster, along with racially insensitive cartoon drawings and other materials. Hollins has no intention of erasing or hiding from our institutional history. It is from this commitment to acknowledging and learning from painful, uncomfortable, and repugnant moments that we make all archival materials available. Images contained in digital archival content and original copies of University records include instances of blackface, depictions of racial or cultural appropriation, and other offensive images that are not condoned by the University. Hollins is engaged in and continuing the direct, collaborative, transparent, and on-going process of reconciliation and education, in coordination with faculty, staff, students, alumnae/i, and administrators. As part of that work, Hollins encourages you to visit <https://libguides.hollins.edu/blackface> to learn more about the history of blackface and its impact.

Please see [The Spinster home page](#) for a link to the most current version of this material.

The Executive Council

The Hollins Student Government Association is an organization based upon principles of honor, self-reliance, and individual responsibility and integrity. It is a form of government which embodies a code of living believed to be the finest and best by the students themselves. Since representatives to the three branches—Executive, Legislative, and Judicial—are nominated and elected by the student body, the Association serves as a training ground for democracy.

The Executive Council acts as the policy-making branch of the Student Government. It is composed of the officers of Student Government, the House Presidents of West, East, and Main, and representatives of the Sophomore and Freshman classes. This year, the Council proposed the following activities: Review of the Honor System; revision of the Constitution and the point system; publicity of its activities and appointments, membership or participation in state, regional, national, or international student organizations; meetings with representatives from surrounding women's colleges, encouragement of student opinions and criticisms; and the promotion of active student participation in the various organizations on campus.

The Joint Legislative Committee, the youngest of the three branches of Student Government, provides a common meeting ground for faculty, administrative, and student opinions. Petitions from any individual or group on campus are considered by the Committee, and if passed by this group and approved by President Randolph, are incorporated into the body of student regulations. The Committee is a dynamic one which concerns itself not only with new regulations, but also with revising and interpreting existing ones.

Honor Court

Honor Court is the higher Judicial branch of the Student Government. Its members are a chairman and representatives from each of the four classes, elected by the student body. Honor Court tries all major offenses, including those involving academic rules, drinking, smoking, places of recreation, driving, dean's slips, overnight absences, rules while in Charlottesville, Lexington, and Blacksburg, late returns from 12:00 and 1:00 special permissions, misuse of cuts for Sunday Chapels and Convocations, and cases referred to it by House Board. Honor Court reserves the right to "intervene in cases of unbecoming conduct on the part of any student even when no specific regulation is broken."

House Board is the lower court of the Judiciary Branch of the Student Government Association. The jurisdiction of House Board extends over cases arising from violations other than those which come under the jurisdiction of Honor Court. The purpose of House Board is to review these cases, to administer penalties in accord with the violations, and to refer to Honor Court cases of serious or chronic offenders.

House Board is composed of five permanent members: the three house presidents and the vice presidents of the Sophomore and Freshman Classes. In addition to these, rotating representatives from each resident hall are elected by the students in their building to serve as ex-officio members. After a three-month period a new election is held. This rotating membership gives more students the opportunity to become familiar with the functioning of the Judiciary Branch.

The Spinster

THE SPINSTER, the annual publication of Hollins College, is edited entirely by members of the student body. Through the annual the staff attempts to preserve those parts of college life which the students want to remember in later years. As the annual is a book that every college student keeps, it contains ideally every phase of life at Hollins, either through pictures, sketches or emphasis.

Freya

Freya is an organization which exists, not as an end in itself, not simply for the recognition of achievement, however great, but for the perpetuation of the principles of creative living which constitute the beautiful and the abiding qualities of Hollins life. Freya seeks to do this by recognizing as members those students who have shown by their own way of life a real understanding of the permanent, on-going values of Hollins. These girls have in some way, out of their love for the college and devotion to its values, contributed to its life in the fields of scholarship, leadership and creativity.

The Music Association has as its goal the stimulation of interest in musical activities on the Hollins campus. Every year it brings artists to the campus to give concerts and lectures and to discuss current musical trends with the students. Besides being responsible for the upkeep of the Carnegie Listening Room, the Association, a member of the Virginia Federation of Music Clubs, provides various musical magazines and advance broadcast programs. Its special activities for this season have been supporting the Choir's concert with the Haverford Glee Club in Philadelphia and publishing a new edition of the Hollins Song Book. The voting members of the Music Association are the music majors; associate members are those who study music as an elective or who sing in the choir.

Group Leaders

Each year, Executive Council chooses a group of girls to carry out an orientation program for new students. These girls maintain the standards of Hollins life not only for the new members of the student body, but for the old students as well. Prior to the opening of school, each group leader corresponds with five or six new students and welcomes them upon their arrival at Hollins. In a series of meetings, she interprets for them the regulations, traditions, and, above all, the spirit of Hollins. But her influence does not end with the orientation period, for throughout the year she is sought for guidance and interpretations. The group leaders gladly lead the new students in the interest of constant improvement in the Hollins way of life.

This committee functions as an intermediary body between the students and the Faculty Curriculum Committee. The importance of the committee lies in its giving the students greater responsibility for and participation in college affairs.

Ye Merrie Masquers is an honorary dramatic organization which seeks to recognize all those girls who cherish grease-paint and canvas flats enough to fulfill its requirements for membership. With a well-rounded college theatrical background—backstage work as well as acting—any Hollins girl can be honored with its green and gold key. Each Christmas, from

the Senior Class, Ye Merrie Masquers selects a Madonna whom it presents in the Christmas pageant. Although its main activity, as seen by the public, is the pageant, Ye Merrie Masquers also collaborates with the Dramatic Board during the year in the reading and selecting of plays.

The Riding Club this year, under the guidance and instruction of Mr. Hubert Wright, has had many plans to make riding at Hollins an all-around pleasure. There have been picnics, marshmallow roasts, and rides over the surrounding countryside, but not at the sacrifice of the more serious aspects of riding. The Club has been fortunate to have the use of a new stable and six top jumpers purchased from V. M. I. The Riding Club showed at Blacksburg and Lexington in the spring, and all girls taking riding cooperated with the Club to present the Hollins Riding Show. The girls taken into the Club demonstrated not only ability in general horsemanship, but also interest and enthusiasm in all activities the Club sponsors during the year.

Each year, after tryouts, new apprentices are chosen to work with Orchesis for a year, after which, according to interest and ability, full Orchesis members and apprentice leaders are chosen from this group.

Plans for the year include a formal recital, part of the May Day program, a demonstration of rehearsal technique, and participation in the Arts Forum of the Woman's College of the University of North Carolina. Other small, informal programs are also planned. Orchesis strive for originality in modern dance and stresses expression of the individual as well as furthering the cooperation necessary to group work.

Turner, Hollins General Manager, and his sister, Mrs. Leila Turner Rath. Construction materials have made the erection of Turner Hall impossible during the past several years but the committee continues to maintain a lively interest among the students in hopes that the dormitory will become a reality to them, as well as the many contributors off campus.
